FULLY CUSTOMIZABLE

Swap out the front casing and both bands on the ALCATEL ONETOUCH® Go Watch for a fun and unique look, all your own.

1.22-INCH DISPLAY

The ALCATEL ONETOUCH Go Watch display is an IPS 1.22-inch (240 X 204) screen with smudge and fingerprint resistant coating. Tap the screen to access a number of features to utilize, including health and fitness based options.

225MAH BATTERY

Thanks to the 225mAh battery in the ALCATEL ONETOUCH Go Watch, you will be able to play all day without stopping to power up. Since the Go Watch is a companion device it will last longer than most network connected wearables.

ANDROID + iOS COMPATIBLE*

The ALCATEL ONETOUCH Go Watch is compatible with any smartphones using Android 4.3 software and up or anything iOS7 and up, which means no matter what software preference you have, the Go Watch will make a great companion.

IP67 WATER, DUST & SHOCK RESISTANT

Not only does this stylish wearable feel great on your wrist, it's also IP67 Water, Dust & Shock Resistant! Whether you are sweating during a jog, get caught in a rainstorm or bump it accidentally, the ALCATEL ONETOUCH Go Watch will keep on ticking.

PUSH NOTIFICATIONS

With all the notifications smartphones get these days, it's often a nuisance to look at your phone every time your device rings. However, with the ALCATEL ONETOUCH Go Watch, you can manage all your notifications with a flick of the finger.

*Android 4.3 and above, iOS7 and above
